HELLENIC REPUBLIC
CAPITAL MARKET COMMISSION

Athens, 9 November 2026

PRESS RELEASE

Certification of the Hellenic Capital Market Commission's Quality Management System in accordance with ISO 9001:2015

The Hellenic Capital Market Commission announces the successful completion of the certification process of its Quality Management System, in accordance with the internationally recognized ELOT EN ISO 9001:2015 standard.

The certificate was awarded by the accredited TÜV HELLAS (TÜV NORD) S.A. certification body, following an audit and assessment confirming the Quality Management System's compliance with the standard's requirements.

The scope of the certification covers the administrative and financial support of the HCMC's supervisory units (listed companies, capital market entities, markets, and anti-money laundering activities).

In this context, the Quality Management System supports the systematic organisation and documentation of processes, the monitoring of objectives, the execution of internal audits, and the continuous assessment and improvement of its own operation.

The certificate, with registration No. **041 26 0083**, is valid from **23 October 2026**, subject to ongoing assessments of the Quality Management System's compliance throughout its three-year certification period.
